

F.No.6-9/2007. YS.III
Government of India
Ministry of Youth Affairs & Sports

Shastri Bhawan, New Delhi
Date: 7th June, 2010.

To

All Nodal Secretaries in-charge of NSS, States/UTs.

Sub.: Guidelines for opening Self Financing Units of NSS in educational institutions.

Sir/Madam,

The Ministry of Youth Affairs & Sports is implementing the centrally sponsored scheme of National Service Scheme (NSS), which aims at the personality and character development of students in schools and colleges. Although NSS has remained immensely popular among student youth it has not been possible to cover even 15% of students in the country in the last 38 years of its inception due to budgetary constraints.

2. Acceding to the requests for introduction of new NSS units in schools and colleges without any financial assistance from the Government, this Ministry had vide letter of even number dated 10th October, 2007 allowed opening of new NSS units on self-financing basis in addition to the present system of fully funded units. A copy of the operational guidelines for the NSS Self Financing Units (SFUs) is enclosed.

3. In order to expand the volunteer base of NSS, it has been decided to simplify the 'Procedure for Application'. The proposal for opening new NSS SFUs should be signed by the Principal/Head of the institution. The institution seeking to open NSS SFU should submit their proposal to the concerned NSS Regional Centre. A copy of the same may be sent to State Liaison Officer and NSS Programme Coordinator of the University/+2 Council concerned; for their information. The NSS Regional Centres will obtain the necessary approval from the Programme Adviser and convey such approval/disapproval to the concerned institutions.

4. As indicated in Ministry's letter of even number dated 10th October, 2007, the SFUs will for all practical purposes, be considered at par with regular NSS Units except that the funding for the 'Regular Activity' and 'Special Camping' and institutional establishment expenses like honorarium to Programme Coordinator/Programme Officer and support staff will be borne by the SFU Institution.

5. The Ministry/NSS Programme Adviser Cell will be responsible for imparting training, orientation of the key NSS officials of the SFU through its Training Orientation and Research Centres (TORCs) as in the case of fully funded NSS units. These SFUs will also be eligible to participate in all national and international

programmes of NSS i.e., Republic Day Camp, students exchange programmes and other special as well as sponsored programmes of the NSS along with fully funded units. The SFUs can avail financial assistance through their respective NSS Regional Centres and Programme Adviser's Cell under the grants-in-aid schemes of the Ministry of Youth Affairs & Sports. The SFU Institution may, if necessary, charge a nominal fee from participating students for NSS programme activities.

6. It is requested that proactive action may be taken for covering more and more institutions and wide publicity may be given through notices, electronic/print media, convening special meetings with potential institutions, etc. to avail this new window of opportunity for student volunteers.

Yours faithfully,

(SARADA ALI KHAN)
Director & Programme Adviser

OPERATIONAL GUIDELINES FOR SELF FINANCING UNITS OF NSS

1. INTRODUCTION

1.1. Background: The National Service Scheme (NSS), a voluntary and value based student youth programme is one of the major youth schemes being operated in the Ministry of Youth Affairs & Sports. It was launched during the birth centenary celebration of Mahatma Gandhi on 24th September 1969 in 37 universities involving 40,000 students in pursuance of one of the recommendations of the Education Commission, 1964-65. NSS, presently (2009-2010) has 32.5 lakh volunteers, in 205 Universities, 14698 Colleges, 1196 Technical Institution, 8174 (+2) Schools and 42 (+2) Senior Secondary Boards/Councils and Directorates of Vocational Education. During its 41 years of fruitful existence more than 3.63 crore students have so far benefited from this largest student-volunteership programme in the world.

1.2. Aims & Objectives: The aims and objectives of the NSS are: (i) to render service to the community while studying in an educational institution; (ii) to arouse the social conscience among students; (iii) to provide them with an opportunity to work creatively and constructively with the community around the educational campus; and (iv) to put the education they receive to concrete social use; and specifically, (i) to work with and among the people; (ii) to engage in creative and constructive social action; (iii) to enhance knowledge of oneself and the community through a face to face with reality; (iv) to use the knowledge gained in the class room in a practical way for mitigating at least some of the social problems; and (v) to gain skills in programme development to be able to be self-employed. The goals are to achieve improvement in personality, leadership potential, national outlook and a sense of civic responsibility.

1.3. Motto: The motto of the NSS is 'NOT ME BUT YOU'. This expresses the essence of democratic living and upholds the need to appreciate the other man's point of view first and to show consideration for fellow human beings. It also underlines that the welfare of the individual is ultimately dependent on the welfare of society as a whole. NSS attempts to establish meaningful linkages between "Campus and Community", "College and Village" and "Knowledge and Action".

1.4. Programmes: The basic unit of NSS consists of 50 or 100 volunteers at school/college level headed by a Programme Officer (usually a lecturer). At the University level, the NSS is looked after by Programme Coordinators (Full-time or Part-time Readers). The State Liaison Cell at the State Secretariat is fully responsible for the implementation of the scheme including timely release of grants to the NSS institutions. The NSS has two types of programmes, viz., (a) Regular activities and (b) Special Camping programmes. Under the "Regular Activities", students are expected to work as volunteers for a continuous period of two years, rendering community service for a minimum of 120 hours per annum. The activities under Regular Programme include improvement of campuses, tree plantation, constructive work in adopted villages and slums; work in welfare institutions, blood

donation, adult and non-formal education, health, nutrition, family welfare, AIDS awareness campaign etc.

Under Special Camping Programme, a camp of 07 days' duration is conducted every year in the adopted area on a specific theme like "Youth Against Famine", "Youth Against Dirt and Disease", "Youth for Development", "Youth for Mass Literacy", etc. New dimensions have been added in recent years by integrating AIDS Awareness Campaign for student youth under "Universities Talk AIDS/Student Talk AIDS" Programme and "Watershed Management and Wasteland Development Programmes" into the NSS Programme. The theme for the Special Camping Programme for the years 2006-2007 to 2008-2009 was "Healthy Youth for Healthy India". The Special Camping theme for the year 2009-10 is spread over five core areas given below:

1. Environment including preservation of natural resources and conservation of cultural/historical heritage;
2. Health, public sanitation and personal hygiene;
3. Rural development including project identification, programme formation, implementation and evaluation;
4. Education and literacy including legal awareness; and
5. Emergency interventions including trauma care, initial counseling and data collection

2. THE RATIONALE

2.1. Education is a price commodity, especially in India. For every child in school or college there are much more of them, who either could not make it or who never get a chance to make it. The higher the level; the more the competition. This makes it incumbent upon a student of higher learning to return something to the society for the opportunity he/she got at the cost of others. NSS provides one such opportunity to a student through community service to return the social debts in his/her own way.

2.2. Although NSS has grown 70 times during its 41 years of existence it has not been able to cover 20 percent of the student community. Nor is it possible for the government to provide fund for universalisation of NSS. At the same time there is a spurt in demand to set up new NSS units in schools and colleges without tagging to the conditionality of funding by government. There is scope to de-link NSS operation from funding for the Institutions, which are willing and capable to generate their own resource for programme activities. It is expected that this de-linking will expand the outreach of NSS and at the same time provide space to finance public funding to more deserving and needy institutions in an equitable manner.

3. PROCEDURE FOR APPLICATION

3.1. A prescribed proforma for submission of the proposal is annexed. However it is expected that the proposal will be self contained and will include:-

- The organizational/management committee details of the Institute including courses offered, no. of students in each class (boys/girls), recognition/affiliation status etc.
